Walls of glass, and double glass doors therein, interface the home with a majestic view over three levels. Cathedral style in two storeys of glass at the front entry leads into a grand foyer with balustrades that sweep you up in to a well-designed suite of rooms on the upper level, including a generously proportioned master bedroom, a dignified formal lounge (with luxury drapes and gas fireplace with mantelpiece surround), two decks, and a 5th bedroom. The amazing view is one of plump hills converging and dancing around a tidal waterway. Every day is a visual feast of colour and drama from sunsets, to dark storms rolling towards sunlit trees, to rainbows in summer showers, to puffy white clouds in azure blue skies. Breathtakingly sumptuous the sublimely private ensuite has granite benches, two basins, large frameless shower, a spa bath
