Resting perfectly on a 1413sqm approx block to follow the sun from morning to dusk, this 4 bedroom + study, 3 bathroom split-level brick home is ideal for families who love nature. There is off street parking for two cars, and Council approved plans for a tandem carport and storeroom/workshop. Immediately across the road is a paradise for children with mown open spaces amidst magnificent gum trees. Situated in a cul-de-sac, the home offers peace, quiet and serenity with absolute privacy and lovely green vistas from every window, including the four gorgeous bay windows. Built in the mid-60s, the house and grounds have undergone renovations over the last 11 years to maximise functionality. Sandstone features, flagged pathways and cedar French doors and windows give the house an organic Frank Lloyd Wright appeal.
