Surprisingly large inside, with 4 bedrooms, a study and 2.8m (9ft) high ceilings, this cute timber and tile home looks smart on its corner position. The property is low maintenance from every perspective, with beautiful slim-width hardwood floors in the living room and bedrooms, with solid timber parquet in the kitchen. You will love entertaining your guest from the north facing white kitchen, with its granite benches, S/S Bosch oven and Bosch cooktop. The sleeping sector can be closed off from the living areas. Two enormous king-sized bedrooms, one facing the garden and the other enjoying the northern light, have built-ins. The bathroom sparkles with its cobalt coloured floor tiles, floor to ceiling white wall tiles, frameless shower and inviting spa bath. New kitchen and bathroom and paintwork in 2003 looks fresh and modern.
