Big impact first impressions are evident from the clean corporate style foyer of this security Meriton building (with on-site property manager) to the wow' moment when you enter this north-east facing apartment. Two enormous intersecting glass walls and sliding doors (tinted and with elegant roller blinds) embrace a huge open plan lounge/dining room and kitchen that flows out to a big wrap around balcony making the ambience light filled and breathtaking. Fashionable downlighting, high quality fixtures and finishes, and all the current styling in colour schemes (light golds and whites) add to the ultra chic feel. District views to green spaces offer a most pleasant outlook, along with the soothing quality of lovely summer breezes.

The kitchen is glamorous with deep profile cream coloured
